

VIRGINA ENVIROTHON HALL OF FAME

Envirothon features five “in-the-field” test stations – soils, wildlife, aquatics, forestry and a current environmental issue – where teams answer questions in both written and hands-on formats. During an oral presentation teams propose a management solution related to the current environmental issue to a panel of judges consisting of industry and natural resource professionals.

A complete history of Envirothon winners at the State level is included below:
