Appomattox River
- Completed the first round of VACS signups on 9/6 and are currently inputting that information into Tracking
- Preparing for Farm Day where we will host all of the 2nd graders in Dinwiddie (approx. 350)
- We will hold our Household Hazardous Waste program on Oct. 29th
- We will also participate in the Dinwiddie County Fair Sept 23-25

Chowan Basin
- The District successfully completed FY22 and recently wrapped up the agronomic carryover applications.
  Also, completed a WP-1 (Sediment Retention, Erosion or Water Control Structure) and near completion of a
  WP-3 (Sod Waterway)
- We have been working on VACS BMP sign-up. To date, we have requested 9.1 million in the tracking program
- An October Farm Day is in the planning stages for Greensville County 3rd graders

Eastern Shore
- Cost Share sign-up has been huge, most interest has been in the WFA Pilot Program but still some VACS-
  entering all into Tracking now
- VCAP- 4 new potential living shoreline projects- scheduling site visits
- New full-time Staff member- Palmer Smith, Conservation Technician
- 12 school programs with migrant education and rural health
- 2-day ag camp with 14 students attending
- Farm to Table breakfast for new teachers at Northampton County Public Schools
- Educational programs with Cape Charles Library
- Educational programs with New Roots Youth Garden
- Attended NCPS All District Welcome/staff development/open houses
- Ag In The Classroom Ambassador Training
- Working with 4th-grade teachers at one elementary school to develop hands-on activities to go with their
  learning objectives
- Starting to plan for in-person local Envirothon and Arbor Day 2023

James River
- We are working with Richmond and Hopewell to provide VCAP to the cities
- Both Joe and Brianna attended Youth Conservation Camp as Counselors
- Brianna received one of the VASWCD scholarships to attend VNRLI for the 2023 Program Year
- Held our Annual Farmers Cookout to promote VACS Sign-Up on August 17th
- Hosted our Summer Rain Barrel Workshops with Chesterfield Environmental Engineering
- Provided support to the James River Advisory Council James River Cleanup on September 10th at Dutch Gap
  Conservation Area
- Brianna gave a Google Drive Training at the VACDE Annual Summer Training at Graves Mountian
- Had a booth at the Chesterfield County Fair

Peanut
- Peanut SWCD has moved out of the USDA Service Center as of August 1st. District staff is doing day-to-day
  business remotely until we procure a new place.
- Cost Share sign-up is still ongoing.
- We partnered with VCE & DCR and held a workshop in August for the Poultry Little Transport Incentive
  Program. We have had a lot of interest in this program.
- Peanut is hosting the Area VI Envirothon planning meeting on Monday, September 19th in Smithfield.

Virginia Dare
- VA Dare SWCD is signing up for the VACS Program. We are reaching out to underserved and first-time
  Producers through targeted media outreach.
- We are currently signing up for VCAP. We have two new VCAP Independent Contractors, for a total of 3.
- We are preparing to host Farm Days for Virginia Beach and Chesapeake Public Schools. We will have 1,650
  students attending the 4-day event.
